

Laurel
McCallum

Eileen
Roulette

Roger
Poisson

Shirley
Roulette

Ann
Nemis

We would like to congratulate Mrs. Shirley Roulette, Principal of Sandy Bay School, on her appointment as President of the People's Political Power Party of Canada; as well as Mrs. Eileen Roulette, also of the Sandy Bay School, as Vice-President of the party; Mrs. Ann Nemis, also from the education field, as Secretary-Treasurer; Mrs. Laurel McCallum as Chief Agent and Roger Poisson as interim Leader, until Leadership Convention, to be announced soon.

We have all our policies and direction on DVD, available to anyone wanting to know who we are. Our main topics are:

Reconciliation between the First Nation people, the Churches and the Government: for if we each go our own way or speak about dividing, we have no right to speak of unity.

Also in our policies is the **issue of healthcare:** that we could increase its effectiveness without user fees and without diminishing its structure, as we will explain: the GST promised to be removed. We will phase out, over a 5-year period, and immediately settle all land claims with First Nation People by its revenues.

The scandals issue that has become a big joke on the taxpayers' money, we will pursue it until all Canadians are happy. We intend also to go over all accounting firm's procedures, where we have been told that Mrs. Sheila Fraser is too strict, that some would not work with her. They've already told me who they are.

Prison systems, family values and absolute respect for all women, giving them back their motherly look to restructure the family, in bringing peace between Governments, Social Services - that are knowingly or unknowingly at the Provincial level, are committing criminal acts against the person.

On the issue of Churches: we will make all Churches come clean on Residential School issues as well as Governments, until this nation is cleaned. Otherwise, neither one has reason to exist.

We have a proposal to put an end to the scandals and the Gomery Inquiry that is now costing over \$11 million dollars to Canadians; also the issues of billboards to promote unity, when Canada is apart.

You may verify our articles on our website, under Mission of the Shroud's counseling and guidance (www.missionoftheshroud.com); and the People's Political Power Party of Canada, where we are not a religious party but one of unity between Churches and people and Government.

DVDs available free of charge. You may call our office at the number below and we want you to know who we are. And it's time that you as Canadians take a stand against corruption. We propose no jail to anyone but to clean up their act and give everyone in Canada an opportunity to start anew.

Possible candidates may send resumes to the address below, and we are not looking for popularity contest but people who think of the people before themselves. Everyone welcome. Convince me and we will fix Canada.

Available to speak in your area. Just call us.
